

Berlin Football Academy

Reducing Barriers Policy

Berlin Football Academy works in partnership with [Canadian Tire's Jump Start](#) in order to ensure that players with limited financial resources can play and enjoy the sport they love.

In addition to that, Berlin FA recognizes commitment, leadership and academic responsibility and progress among our students by granting several scholarships at the beginning of each season. Over \$10,000 have been bestowed upon our players at the beginning of the current season.

Finally, through the contribution of our corporate sponsors, we have been able to provide discounts on our academy fees to several players with financial needs. In other cases, we have incorporated senior players to our coaching staff as assistants and have their compensation go towards their academy fees.
