Forge FC partners with Berlin FA:

In a collaborative effort to grow the game of soccer in the Southwest region, Forge FC and Berlin FA are excited to announce a partnership agreement for the 2019 Canadian Premier League season. The two organizations will work in partnership to develop the growth of the game through the clubs, players, coaches and administrators in the region.

The partnership will focus on three key areas of growth within the academy, 1) skills development across all disciplines of the game, 2) igniting a passion for the beautiful game within the region and 3) celebrating the accomplishments and players at Berlin FA.

As part of the partnership, all members of Berlin FA will be invited to participate in the unprecedented campaign Soccer Unites Hamilton. Forge FC Co-Founder Bob Young and the Club have given the Inaugural Match of the Canadian Premier League back to the community and all members of Berlin FA can enter through the contest to win tickets through <https://forgefc.canpl.ca/suh-partners>
